January 27, 2021 - Philanthropy isn't as natural for everyone as it is for Sudhir Pratipati. Sudhir believes he was born to help. He always wanted to live within his means, but now, when he helps other people, Sudhir Pratipati himself lives the best. Now he is only 57 years old, he is healthy and has no problems with money, as his wife, Vijay, is also delighted with her husband's charity work. They met in Bombay, where they studied together at the university, and married in 1979. In 1992, their first child was born, a son whom they named after their father, Sudhir. Then a daughter was born, who was named Rahula.
